

To: The Deputy Director of Training (G)

From: Management Training Division

The new air conditioning units have been installed in Wing C, 2nd. Floor, Alcott Hall. However, there is no current for their operation, consequently the inhabitants of this space are in a precarious situation: no air conditioning, no ventilation by open window. Hot weather will create very difficult problems of operation in this space.

I am attending the conference on Soviet Imperialism at S A I S. It is stimulating and well worthwhile.

The move from [redacted] to Gurie Hall, for the Clerical Induction Section, has been postponed again,- from the 15th. to the 22nd.
